Institutional Academic Planning
Guiding Principles

1. Advances the college’s mission and core values
2. Meets demonstrated student academic and career interests
3. Meets current and projected employment demand and fosters economic diversification
4. Complements existing curricular offerings and opportunities
5. Promotes interdisciplinary approaches to program development
6. Fulfills a societal need and contributes to the social good

The guiding principles were approved by the Faculty Senate on December 2, 2013.
